

There Is Always Something You Can Do

Chorus

There is always something you can do, do, do

When you're getting in a stew, stew, stew

You can go out for a walk,

You can try to sit and talk

There is always something you can do

Verse

Whether in a school or family argument

When you feel you'd really like to throw a fit

Don't be trapped by fights and fists and angry threats

Reach out for this ordinary plan
