

Mental Moves

Evaluate

1. Determine Criteria

What are the elements I am being asked to evaluate? Is personal preference involved? Comparison? Outcome?

2. Identify Strengths and Weaknesses

Which pieces of this item are effective, and which are not?

3. Consider Improvements or Alternatives

What could be done to make this item better?

4. Gather Evidence

Which details prove my assessment of the item?

5. Draw Conclusions

In the end, how do I judge this item according to the criteria of this task?
