

List multiple tools or methods of communicating controversial ideas in (list course) _____.

Tools and methods for communication

What kind of tools or methods do you think would be most persuasive for your peers? Choose the methods that have the greatest chance of convincing others to adopt your point of view.

Your peers?

Your parents?

Your employer or a community member?

Fluency

Flexibility

Originality

Elaboration

Think of a new method of communication or vehicle for communication.

What is it?

Name your method _____

How will it help us communicate and persuade others when it comes to controversial topics?

Draw or illustrate your idea

Describe your tool or method so that we could use the description in an advertisement on the Internet or in the school newspaper
